## RACE, REASON AND COMMON SENSE

### CAN WE EVER BE A NATION?

By FRED FARREL

We pay little attention to most of the rabble, especially the Jewish rabble, who call themselves "intellectuals" today. Our University campuses crawl with vermin unfit to teach a kindergarten. The bookstalls are filled with garbage apparently scribbled by idiot children on their bad days. Wallace said during his 1968 campaign that many of them are "pointy-headed" and cannot park a bicycle straight. The intellectual strata of our society have become a sort of mental hospital, apparently run by the inmates. There is no health in them.

On the other hand, we are fond of the real intellectual. Today the real intellectuals are mostly dead; but, happily, they have left their books behind. Great minds like Oswald Spengler and Jose Ortega y Gasset unfold prismatic vistas of Reality before our eyes. When you deal with REALITY you are dealing with a powerful thing; you are dealing with GOD. REALITY is exactly what God is; the first verse of the St. John Gospel says so.

What is the reality of the condition of the American civilization today? Among the experts one encounters a profound pessimism. One does not have to be an expert to see that our civilization is coming apart like a wet cardboard box. One has only to pick up any newspaper; read about the high rate of crime, madness, suicide, divorce, and corruption. Watch the dope-peddlers selling narcotics to children in our schools. See the sheer utter madness of the creatures who wear dress suits and claim to be making "Policy" for our Society.

Is there any substantial real hope for our civilization?

There are those who say "No!" They simply say, "Alas, Poor Yorick!" We are suicidal. There is no health in us. This viewpoint has been stated by Whittaker Chambers in his book **COLD FRIDAY**. We COMMON SENSE people could tell you a thing or two. We have had a sort of ringside seat to watch political and patriotic movements for years. We have seen the quacks of pseudo-patriotism and pseudo-conservatism prosper like the green bay tree. On the other hand, the real patriot is quickly strangled. The same hands always reach quickly for his throat. Yes, indeed, there are powerful suicidal forces at work in this country today.

Let us assume, for the moment, that we do not wish to commit national suicide. We like this merry roundelay called the United States of America and we want to keep it going. What must we do to be saved?

First, we must fire our present, utterly incompetent Messiahs for incompetence. It must be obvious even to the most casual observer that they are not saving us. The "anti-Communists," for example, have been galloping around the American landscape for six full decades. They promised to save us from both "Red Russia" and the "dirty Red American working man." Are we saved? We are not. We do not even appear to have much idea of what we are doing, or trying to do. The argument between "Left" and

ABBIE HOFFMAN and other convicted criminals of the infamous conspiracy trial, desecrate pulpit of Center Church, New Haven, Conn., in a Black Panther sympathy demonstration, May Day, 1970.

"Right" is a tale told by an idiot, full of sound and fury, signifying nothing. We need to take a new look at ourselves and our problems.

What is a nation?

Adolf Hitler said, "The State is a means to an end. This end is the preservation and advancement of a community of physically and spiritually homogeneous living creatures. This preservation itself includes, firstly, subsistence as a race and thus permits the free development of all powers slumbering within that race. States that do not serve this purpose are mistakes, nay, monstrosities. The fact of their existence does not alter this any more than the success of a crew of buccaneers can justify piracy . . ."

We do not quote Hitler as an oracle. We leave that to the American Nazi Party. If WE were going to start a Nazi Party in America, we would never mention Hitler at all. We would not use swastika emblems; instead, we would do what Hitler himself did; we would sit down at a drawing board and create insignia of our own. We would not quote MEIN KAMPF; we would write our own book, as Hitler himself did. Hitler is no oracle to us; we are our own oracles. On the other hand, some of us knew Hitler quite well. In general, we can accept his statement of what a state should be. Among other things, it should be racially homogeneous.

That leaves us Americans out in the cold. During the latter half of the Nineteenth Century, immigration policies were adjusted to produce a maximum pool of cheap labor, rather than a high-quality, homogenous population. We seem to fall into the category of states which Hitler condemned as monstrosities. Yet until quite recently, we managed to behave quite a lot like a great nation. How did we do it?

In the very beginning, the U.S.A. was indeed a racial state as defined by Hitler; and therein was the seed of our greatness. Our

national greatness was founded upon the supremacy of one race over the others. That race was the English race. The first Englishmen to come to the U.S.A. were an ornery lot. They had to be; reasonable people would never have done what they did. Reasonable people, setting foot upon Plymouth Rock in the Year 1620, and seeing the formidable forest, the savage Indians, the terrible climate, and all that, would have gone back aboard the MAYFLOWER and would have sailed back to England. But these were WASPS. There was no kind of sense in them; they might do anything. They went ashore, and within a few generations had built up quite substantial homes, with witch guards on the chimneys to keep the witches out, with spinning wheels and looms to make clothes, and with willow switches to regulate the behaviour of their children. After that, there was no stopping the WASPS. WASPS like Daniel Boone and Davy Crockett went into the woods to blaze the trail for civilization. WASPS like Jesse James robbed any number of banks, stagecoaches, and the Glendale train in order to re-distribute the wealth by direct action, always a tempting idea to the poor WASP. It was the WASP who slaughtered the Indians, grabbed land, built the railroads, and performed similar nation-founding chores. All of the other races presently here should know that the WASP ran interference for them.

The WASP did not always endear himself to the others. When Catholics started arriving in large numbers, the WASPS, in the interest of social standardization, tried to wipe out Catholicism. They had reckoned without that obdurate, ornery, stubborn, courageous, guileful creature from the bogs of Erin's Emerald Isle, the Irish priest. The generation of Irish priests who defeated the WASPS in this game are now long dead. Indeed, the two religions no longer fight each other, mainly because neither of them any

longer have the vitality to fight a worthwhile battle. Today they tend to huddle together for protection from the chill winds of Paganism. Today the U.S.A. is a Pagan nation.

Yes, indeed. We began as a Christian nation; we are now a subjugated Pagan nation under Jewish rule, a mere satrapy of the Jewish system of subjugated Goy nations. How did this happen?

We must give the WASP a low mark when it comes to racial loyalty. Today the rich WASPS are tightly allied to the Jews. Long ago, the WASPS imported the Negro to compete with the poor of their own race. The WASP is the most savage race-discriminator in the country. He does not, as some people think, discriminate against Negroes or Jews; on the contrary, the rich WASP today is tightly allied to Negroes and Jews. He discriminates against the poor of his own race. God help the poor hillbilly in Detroit! He will never get a job if they can find a Negro, Jew, Hottentot, Zulu, Punyan Dyke, Chinese, Japanese, or Mars-man who wants the job. A WASP-owned book publishing house in New York will publish only Jewish novelists.

Oh! The awful WASP class war!

The rich WASP, seeking working men of his own race, will always mutter, "Dirty Reds!" The best thing to do is to interbreed them with Negroes. This will make more "Niggers" available for the plantations of Detroit and Pittsburgh. Politically, it will also make the rich WASPS a head without a body. They are not building a racial state, as defined by Hitler. The U.S.A. envisioned by them will not be an organization of physically and spiritually homogeneous beings, with a state leading them to full realization of their potential. Southern whites, for example, have been very disappointed in the failure of WASP politicians to protect them against race-mixing. Why should they be surprised? The politicians represent the very interests which brought the Negroes to America in the first place. The typical Red-neck politician would sell his mother to a Negro for a dollar. He does not represent a racial interest; he represents an economic CLASS interest; and that interest is against the poor whites, i.e., all of us whose yachts are less than a hundred feet long . . .

He is loyal to a CLASS, not to a race. He is a Bourgeoisie. The Jews are the old original Bourgeoisie. It is only natural for the Jews and the rich WASP to ally themselves along class lines, against the other social classes, and this is what they have done. The rich Jew-WASP alliance is "The Establishment." Today this Establishment is driving the U.S.A. straight toward the oblivion of Nineveh and Tyre. It was the Jew-WASP alliance which loosed Communism upon the world, which financed the October Revolution in Russia, backed Mao in China, while at the same time they ruthlessly "Red-baited" the American working man. For seventy years they have backed Communism secretly around the world, while at the same time they have mouthed pious "anti-Communist" platitudes.

This sort of whoremongering has brought the Liberal-Bourgeoisie age squarely to its end. Any salvation we may find in the future will have to be NON-BOURGEOISIE, which means in practice that it will have to be based upon an ARISTOCRATIC principle. That is to say, it will have to be based upon RACE, upon the concept of a Society which is to further the well being of a group of homogeneous creatures and to develop the best that can be found in them. The European races of America are perhaps capable of being formed into such a racial group; but they totally lack leadership and intellectual direction.

The American Bourgeoisie are like Lot's wife in the Bible. They forever turn back to the old Bourgeoisie, Sodom and Gomorrah and are quickly frozen into a political pillar of salt. If we are to have any future, it cannot be a Bourgeoisie future. The Bourgeoisie era is at an end.

Oh, Brother! Try to tell THAT to the prosperous American Bourgeoisie who has

SAUL ALINSKY  $\star\star$  self-styled professional radical, fans the flames of racial violence by such statements as "Freedom cannot be given, it must be taken." . . . save himself by his present tactics, by shouting his old slogans louder, by trying harder along the same old lines. The Bourgeoisie does not fall because he has "oppressed" people, as the New Left says. The people demand to be oppressed by an oppressor with real ELAN. Real CLASS. The Bourgeoisie betrays his low origins. He only wants to GET MONEY out of the people whom he oppresses. The masses will never put up with this for long.

The American Negro has a grievance.

Not merely that he is oppressed. There will always be oppressors and oppressed. The question of who will be oppressors and who will be the oppressed is always settled at sword point and never in any other way. The Bourgeoisie claims that he has created "Great Ideas" which conduce to freedom; this is utter poppycock. After some other man has won your freedom with a sword, you can play with ideas. The Negroes who came to America were already losers in Af-

The grievance of the American Negro is not that he was oppressed, but that he was oppressed in a sloven manner. It is possible, even often desirable, for one race to control and oppress another. The oppressed have rights. They have the right to be oppressed by an Aristocrat with real class, who really can tribal wars.

knows how to do it. They can, moreover, enforce this right. They can grab an incompetent oppressor and drag him down to their own level. You can do many things to an oppressed man: You may flog him, rob him of his labor, regulate the terms of his life. You ABSOLUTELY CANNOT afford to NEGLECT him. You must assume full responsibility for him. The Negro, supposedly emancipated, but actually cast out and neglected, was deprived of the disciplines and controls necessary for the proper regulation of him. This is a great cruelty. It is, indeed, just about the most obscene thing which could have been done. The Negro was not really free; the terms of his life were severely circumscribed; yet nobody assumed any responsibility for him.

The Bourgeoisie has never established any satisfactory relationship with the industrial working class, either. The Bourgeoisie Age is the age of Class War; the worker is not a person to be governed in an orderly and legitimate manner. He is a proscribed class enemy. University students training for management positions are taught to despise the worker, and at the same time to control him by devious ideological and technological means. The worker was really happier and better off in the days of the great Guilds, under the rule of Princes and Dukes. Modern Bourgeoisie freedom is for the Bourgeoisie only. The Bourgeoisie must face squarely the problem of improving his relations with the working class. Perhaps the worker cannot raise himself to YOUR level; but he can pull YOU down to HIS level.

(Continued on Page 4, Column 3)

just moved into a new \$60,000 home! He owns a "Jew Canoe" V-8 4-dr. sedan. He has money in the bank. How can we go about the business of telling him that the Bourgeoisie Era is at an end? He will cancel his subscription to COMMON SENSE and will subscribe to HUMAN EVENTS instead. Yet if he cannot see that there is something disastrously wrong with the society around him, he must certainly be blind, deaf, and dumb.

He blames his woes upon "Red Russians." To be sure, the Russians are formidable competitors. Nations have been competing for land, living space, and food supplies for six thousand years. So what else is new? What did you expect the Russians to be besides competitors? Did you expect perhaps that they would join the Lady's Aid Society and live happily and make no trouble forever after?

Still more lividly silly is the contention, maintained on every hand, that the problem of dealing with Russia is somehow intricately involved with our own domestic problems, especially such problems as labor relations and race relations. In fact, there is no valid linkup between these problems. The problem of dealing with Russia is entirely unrelated to our domestic problems. Decades ago, it pleased the employers to "Red bait" the working man. The elaborate fiction was created that the American worker's loyalties and interests were tied somehow to Moscow. The howling and whirling dervishes of Communism and anti-Communism created a popular mythology designed to be used as a political lever. The foundation of this myth was pure charlatany. No competent policy maker anywhere even considers this myth. The men in the Kremlin make policy, on the same basis Cardinal Richelieu used in making policy; the same policies the Great Elector Frederick Wilhelm used, the same basic ideas of statecraft which moved Prince Talleyrand and Metternich. Nobody can base real policy upon the absurd ideological myths of our time.

What is the "issue" at stake in the controversy between Communism and anti-Communism in America? There is no issue. It is simply that the mass-media culture rules us by ideological manipulation.

What is wrong with the Bourgeoisie, that he cannot lead us safely through the crisis of our time? What is wrong is simply that he is a Bourgeoisie. He is a commoner. He is not a Noble. He just doesn't have the class. True, this class has quite a lot on the ball. When they came to power, there were no railroads, steamship lines, telegraph, telephone, electric lights, automobiles. Let us give the Bourgeoisie his due. His age has been a wonderful age. All the same, social classes are mortal. Changes in the class structure of society are dictated by historical forces so monolithic that the individual does well not to resist too hard. The Bourgeoisie should face squarely the fact that he cannot

# THE CANDY KID

By FRED FARREL

Many citizens are disgruntled with Robert Welch.

Mr. T. R. Eddy was a member of the John Birch Society who resigned his membership. His letter of resignation has been published in **The National Chronicle**. In his resignation Mr. Eddy said: "Mr. Welch and others of the Society have continually and pointedly welcomed into membership certain people who proclaim themselves Jews. In view of the fact that the overwhelming majority of Jews are openly in sympathy with all forms of left-wing agitation including Communism, I think any organization that admits them as such ("Jews") and then fails to tell the people about the Jewish finance behind the Bolsheviks and the same hand behind our own usurious money system known as the Federal Reserve System, is highly suspect to say the least."

The general beef against Welch is that he has allied himself to the Jews. Certainly he makes no bones about the matter. Many firms which advertise in **American Opinion** are Jewish firms. A substantial part of Welch's financing comes from Jewish sources. An article in **American Opinion** has praised the Jews as the "Great achievers of American life." All who are interested, on either side of the fence, know that Welch has made his choice. He has joined up with the Jews.

"No one who loves his people wants integration since this means his race will disappear through interbreeding."

— Bishop L. Fain Kyle, one of world's outstanding Negro patriots.

Welch has made his choice. Don't fret about it. Rather, face the fact that **YOU YOURSELF** also have to make the choice. Indeed, you **DO** make the choice every day, whether you realize it or not.

Look at yourself in a mirror. You belong to several different specifications. You belong to a race; you belong to a social class; you belong to an economic bracket; you belong to a church. You hope the package will hang together, that your various loyalties will not clash too much. Indeed, all manner of glib charlatans work night and day inventing rationalizations for you. You don't worry about it too much.

Let us say that you are a white Anglo-Saxon Protestant. You own the Silver Dollar restaurant or the Crosscorner's Feed Mill. You are doing well. You have a big house. You own a "Jew Canoe" V-8. Naturally you hate labor unions, Russians, Negroes, Earl Warren, H. Rap Brown, and all of the other pests who befoul an otherwise pleasing prospect. You have light brown hair and blue eyes, and you believe in your own race. You read in **Look** magazine that within thirty years most Americans will be coffee-colored.

All right, mister! Let's lay it on the line. Up in Detroit, in a slum, there are thousands of hillbillies with light brown hair, blue eyes, and white skin. They are being driven to the wall. Their children are being herded into integrated, vice-ridden schools. They have to fight with Negroes for jobs, for possession of neighborhoods. The **big bosses** of Detroit want an interbred population. You say that you are in favor of light brown hair, blue eyes, and white skin. There are jolly good reasons why you should be. A racist nation is the only kind which stays on the world map. Other kinds of so-called nations go the way of Nineveh and Tyre. Light brown hair, blue eyes, and white skin put the U.S.A. on the world map; they are the color combination which will keep the U.S.A. on the world map if anything does. We are not making any attack on the Negro. We do not say that the Negro is a coward. I once saw a brave Simba warrior in Africa kill a lion with a spear. Killing a lion with a spear is not a business for panty-waist types. I have seen tribal wars. When Negro tribes set off on a war, they want no white men among them. They know that integrated armed forces are no good. Race is the key to success in occupying land on the surface of planet earth. Yes, mister, that hillbilly up in Detroit is

"If our buildings, our highways, our railroads should be wrecked, we could rebuild them. If our cities should be destroyed, out of the very ruins we could erect newer and greater ones. Even if our armed might should be crushed, we could rear sons who would redeem our power. But if the blood of our white race should become corrupted and mingled with the blood of Africa, then the present greatness of the United States of America would be destroyed and all hope for the future would be forever gone. The maintenance of American civilization would be as impossible for a negroid America as would be redemption and restoration of the white man's blood which had been mixed with that of the Negro."

— THEODORE G. BILBO.

important to you, if you want to have a country to live in. If you won't protect his light brown hair, blue eyes, and white skin, why should he care a jolly good damn about you? Now comes the rub. This hillbilly does not belong to your social class. He is a working man. He belongs to the UAW. Your bourgeois training has conditioned you to think of the working class as a special race of mad dogs, always allied to Red Russia and always suspect. This goes back to the origins of your class. Your bourgeois class emerged to power by defeating two other classes, namely the aristocracy and the working class. For generations your lapdog poets and hack writers have defamed these other two classes. The aristocrats were defamed as tyrants and sadists; the workers as subversives, revolutionists, utter vermin, barely tolerable on the face of the earth. Your own class is extolled as appointees of God, trustees of religion, patriotism, and enlightenment.

Confound it! Come down off of your bourgeois high horse; Grow up! You are like a football team which thinks that the other team has no right to play. How could there be a game if the other team did not play?

Let's see if we can get you down off of that bourgeois high horse for a few minutes. At the very beginning of the bourgeois age, there were those who said that no good would come of it. They predicted that it would be utter disaster to put the fate of civilization into the hands of shopkeepers, bourse-gamblers, and similar tinhorns of the rising middle class. The Bourbons especially fought the rise of the bourgeois. It was obvious that no good would come of the gang of upstarts who were trying to take over. Looking at the fouled-up condition of the bourgeois world today, sometimes I think that the Bourbons were right.

The bourgeois complained, "The Bourbons never learn." This must be so. Some months ago, in Europe, I met an old friend, whose last name is Bourbon-Parma. We briefly discussed the sad state of the world. Mr. Bourbon-Parma said, "What would you expect, with the world in the hands of a pack of shopkeepers and bourse-gamblers."

What indeed?

You will do nothing to help that hillbilly up in Detroit. All he will ever get out of you is a kick in the slats. You are, like Robert

## THE NEW BREED

JERRY RUBIN: Notorious revolutionary and leader of the "Yippie" movement, once ordered protesters to "kill a policeman." Publicly called for more New York bombings. More recently called on Yippies to "kill their parents."

Welch, loyal to your class, not to your race. Elephants will roost in trees before you lift a finger to help that hillbilly in Detroit. Don't bother to write **Common Sense** complaining that Robert Welch has "sold out," when you yourself do the same thing, year after year, until kingdom come. In short, you are a **bourgeois**. You are a nice chap, the salt of the earth. If I met you, I would not hurt your feelings for the world. Still, there are times when I wonder about you, I just plain wonder if you have the moxie to stay in business on the face of the planet earth. Frankly, if you have any such talents left, you are keeping them well hidden. I have listened to the ungodly gasbaggery which goes on at your Conservative meetings. I have witnessed painfully the **asinine** and useless activities which you call "Fighting Communism." I wonder if you are still capable of significant action.

Robert Welch has invented nothing new. The Jews are the ultimate in bourgeois nihilism. It is only natural that the **Goy** bourgeois wants to be allied to them. Welch has not betrayed any principles of his own. He really likes Jews. He is sincere. The real question is, "Why did you ever think that Welch would oppose the Jews?" Welch himself never promised you any such thing. He has not "betrayed" you. You betrayed yourself. You run after any fool quack who will teach you to hate the common people of your own race. And still you want to call yourself a "racist."

"God made the white man white and He wants him to stay white. God made the black man black and He wants him to stay black. The devil made the mulatto." — David Livingston, the great missionary to Africa.

You think that your "enemy" is always a working man. Your enemies in the world sound more like Cardinal Richelieu and Prince Talleyrand every day. They have taken the Middle East away from you, taken the Indian Ocean away from you, taken Southeast Asia away from you. They have undermined your European alliances. They have outclassed you ten to one. Still, you hate the working class so much that you want to put all of your enemies into one bag; when you talk of "Fighting Communism" you always mean fighting the working class.

Sometimes I think that the Bourbons are right about you. All of us must choose among our various loyalties. The word "bourgeois" is one I am thinking seriously of dropping from my personal nomenclature. Who wants to belong to a dying class? If you don't do better than you are doing now, that is exactly what you are going to be. The race man is the man of the future. Your class has sold itself like a street corner whore to the Jews. After you have done that, I am no longer interested in hearing about what a "great Conservative" you are. The true conservative is loyal to his race, and that means every social class of that race. Your bourgeois hostility to other social classes of your own race is incompatible with true racial loyalty. The Third Reich was based upon across-the-board loyalty to the Aryan race, including all social classes thereof. Your bourgeois rackets lead to the division of the race along class lines. That is why I think sometimes that Germany probably carried the banner of the West for the last time. You are not carrying it aloft today; you are dragging it in the mud.

"The great difficulty we have in facing the race problem is that a whole generation of educated Americans have grown up under Professor Boas' teachings . . . These are the people who are now in power in the United States and they don't know what it's all about . . . That leaves the race question to be solved only by the more uneducated people in the country. That means it's going to be solved in a pragmatic way which is always, of course, the most disagreeable way possible."

— Extract from a confidential letter to Carleton Putnam, author of **RACE AND REALITY**, from the son of a former President of the United States.

# THE SUPREME (?) COURT

Our Council On Foreign Relations Press is gloating over the U.S. Senate votes which defeated the Hon. Judge S. Harrold Carswell of Florida, for appointment to the Supreme Court, coming on top of the defeat of the eminent Judge Clement Haynsworth of South Carolina.

All of them use the same approach. One might easily think that the editorials were written by the same person. Let us take as an example the two Philadelphia dailies: THE PHILADELPHIA INQUIRER and THE DAILY NEWS. They are both owned by the Knight chain which recently purchased them from the Annenberg "Bookie" interests. Here are the headlines: "The Senate Does Its Duty!" "Mediocrity Has Been Rejected!" Three days later, on Sunday, April 12th, after President Nixon charged that the Senate wouldn't confirm a Southerner, THE INQUIRER headline reads "It Wasn't Geography". With that headline we thoroughly agree. It wasn't Geography; it was Talmudism. At the end of this article, we will prove that a Southerner CAN be appointed to the Supreme Court, almost unanimously, by other than the Southern States.

Now let us show the American people just how well "The Senate did its duty" and how "Mediocrity was rejected." Judge Carswell and Judge Haynsworth each had 12 years on the Federal Bench, Judge Haynsworth having served on the U.S. Court of Appeals, next highest Court to the Supreme Court. Judge Haynsworth's father and grandfather both had equally distinguished service before him. We ask you to be the judge that theirs were the finest qualifications since the Senate confirmed the traitor - candidates of Roosevelt, Truman, Eisenhower, Kennedy and Johnson.

1: **EARL WARREN** — No judicial experience of any kind. A shady record in California's political and elite underworld. Made Chief Justice over all others, a reward for delivering California and the Negro vote to Ike, which Republicans claimed FDR had stolen for the Democrats.

2. **HUGO L. BLACK** — The first putrid Roosevelt appointment. No judicial experience. He was a Police Magistrate in Birmingham for 18 months, who fined Negroes \$10.00 for having 1/2 pint of whiskey or sent them to the Alabama chain gang as petty bootleggers, when they didn't "kick in" to the accredited bootleggers. The kosher Press and Banker-owned Senate would confirm him again today.

3. **STANLEY F. REED** — Most putrid of all Roosevelt appointments. No judicial experience. Too dumb to ever get a law degree. He flunked in 3 colleges: Univ. of Virginia, Columbia and Paris. Finally got a tricky Kentucky license that's not as legitimate as a Kentucky Colonel.

4. **FELIX FRANKFURTER** — No judicial experience or even law experience. Never practiced law a day in his life. Yet this arch-traitor turned loose at least 50 Jews from Harvard, most of whom worked as Assistants in his office. 10 Years a so-called representative of NAACP. Organized Foreign Policy Ass'n., declared subversive by Waldo Slayton Post of American Legion. Organized American Civil Liberties Union, with William Z. Foster, head of Communist Party in the U.S., Elizabeth Gurley Flynn, Communist Agent and Dr. Harry Ward of Union Theological Seminary as exposed by Dan Smoot, Executive Ass't. to J. Edgar Hoover of the FBI. Did the Senate do its duty and reject mediocrity with this man?

5. **ROBERT H. JACKSON** — Said to have practiced law, but nobody knows where. In 1954 Jackson declared the Constitution a scrap of paper. He was an errand boy for Wall Street Bankers. More Eisenhower treason. Did the Senate impeach this man?

6. **WILLIAM O. DOUGLAS** — No judicial experience. Practiced law 1925-1936. Member Securities & Exchange Commission. Paid huge sum for libelling a British Official, in his book. Specializes in collecting pornography and lewd, nude films, which his friends love to look at. More Roosevelt treason.

7. **SHERMAN MINTON** — No judicial experience. Served 4 years in House 1930-34 and then one term in Senate after saying he never understood what the House was all about. Eisenhower politics. Senate overlooking mediocrity.

8. **TOM C. CLARK** — No judicial experience. Attended 7 Colleges before he finally got a law degree. Professional politician 1927-45. Truman treason as Senate did its duty.

9. **JOHN M. HARLAN** — Ye Gods! 1 year judicial experience. A miracle! 1923-1954, a fixer for predatory Wall Street interests. More Eisenhower treason plus Senate doing its duty.

10. **POTTER STEWART** — 4 years judicial experience, making a total of 5 years out of 10 Judicial Experience "illustrious" Justices. Despite bad company, Stewart voted 6 times for the hammer and sickle and 14 for the Stars and Stripes. Eisenhower appointment.

11. **HONEST ABE FORTAS** — No judicial experience. Succeeded in killing story with 3 Washington Newspapers about Lyndon Johnson's homosexual friend Walter Jenkins and his two affairs at the YMCA there. After confirmation, even our loyal Senate couldn't stomach him as Chief Justice. Johnson treason.

12. **BYRON R. WHITE** — No judicial experience but a wonderful All-American football player. As such, most worthy of the Court.

13. **ARTHUR GOLDBERG** — Not one day of judicial experience. Lobbied for the rosy-red CIO. Resigned from the Court to make the USA the laughing stock of the world at the scarlet red United Nations.

14. **THURGOOD MARSHALL** — 3 years circuit judge but nearly 20 years Counsel for the NAACP.

We're watching Warren Burger. At least he had 12 years experience.

Well there you are, you most undistinguished publishers. You should apologize to the American people and the U.S. Senate for ever thinking of them as loyal Americans. Did you notice that every Jew voted to refuse Haynsworth and Carswell? And did you notice that every member of the treasonous Council On Foreign Relations also voted against them?

We have a divided Korea, a divided Vietnam, a divided Germany. Do you Publishers want to divide the USA, the North from the South again? You might get it but not in the way you think. It might well be a tax revolt in which the good South leads us all. We hope the Senate will lose every man who voted against Carswell and Haynsworth next November and given lifetime vacations at home. And an aroused American electorate may just vote every last one of them out of office.

Now here is that scoop which Common Sense promised about two Southerners who can gain instant confirmation of the Senate, with the exception of Southern Senators. They are: (1.) Mrs. Martin Luther King and (2.) The Extremely Reverend Ralph Abernathy . . . Excuse us . . . we mean Reverend Dr. Ralph Abernathy. Only please don't tell our Southern friends that we refer to them as Southerners.

We look forward to the day (perhaps next November?) when an aroused electorate will force a Supreme Court ruling that will put an end to Radio and Television Network's flagrant violation of Article 1 of the Bill of Rights — By which they have established Church religion monopoly over broadcasting, and the curtailment of all freedom of speech, except Jewish-approved freedom of speech. You see, Radio and Television are no part of the public press. Those God-given limited frequencies of nature belong to every citizen, just as SUNSHINE does. We believe the day is not far off when aroused Americans will no longer tolerate this flagrant violation.

# Can We Ever Be a Nation?

(Continued from Page 2, Column 3)

There is indeed a revolution in the world; but it is not a Marxist revolution; it is the Jose Ortega y Gasset revolution described in his book THE REVOLT OF THE MASSES. It is a revolution against culture and civilization. In a specific way, it is a revolt against the Bourgeoisie culture and the Bourgeoisie civilization. This revolution is WINNING. It has already dragged culture down to a too-low level to support the Bourgeoisie-Liberal system. The Bourgeoisie thinks that he can cure all of this with a little slogan shouting and a few nostrums devised by Spiro T. Agnew. Actually, drastic surgery is indicated.

The Bourgeoisie has made money but he has not made good as world-historical leader. All Bourgeoisie philosophies loudly claim to be anti-proletarian, but they are really anti-Aristocratic. Bourgeoisie poets like Lord Byron always excoriate the "Tyrants" of the earth, i.e., the Aristocrats who really know the name of the game and know what has to be done to a two-legged rascal called man to keep him happy and in proper order.

Today the emerging class war is not between the upper class and the lower class; rather the upper class and the lower class are banded together against the Bourgeois. If the Bourgeoisie does not sharpen up, they will cook his Bourgeoisie goose well done. This includes the Jew Bourgeoisie along with the rest of them. You must understand that you cannot continue to rule the masses with quaint old Nineteenth Century humbug. The American WASP has his fine points; but he is also the worst humbug on God's footstool. His humbugging drives his own sons and grandsons into hippie camps; it drives away the voters at election time; it drives the masses away from every WASP institution. We could do with less humbug and more real racial loyalty from the rich WASPS. The WASP in the South wants to be a White Supremacist, but that means the supremacy of himself over an interbred, black work force. It does not mean a thriving white race. The rich WASP and the rich Jew want what the old plantation owner wanted: Not a White Society, but a black society ruled by a white Elite.

In short, the rich whites must learn loyalty to a RACE instead of a mere class. If they will not do that, they are GONE, and so are you.

If you want to keep the U.S.A. on the map, it will have to become a racist state ruled on an Aristocratic principle. Perhaps this goes against the American grain. Maybe Americans would rather die than do it. In that case, Whittaker Chambers is right in his book COLD FRIDAY, and they WILL die. You cannot win the games of history by running around shouting your undisciplined desires at the top of your voice. This is a game which is played for keeps, not just for fun. Either play it like an historical professional or else expect to be defeated. As of now, we ARE being defeated. If you want to change your luck, you will have to change your game.
